

FRANCISCO FREIRIA

ELECTRICAL AND COMPUTER ENGINEER

OBJECTIVE

For growth to be the tool that shapes inexperience, I look for a job opportunity that adds value to my mission and fits professional and personal values in order to enhance the relationship with the professional world.

ABOUT ME

I'm 25 years old. I'm comfortable in multicultural environments, human relationships, and informal communication. Pragmatic and critical-minded. Honest and professional. I love traveling, exploring nature, being with friends, and new experiences.
